Injury Reports

Any member involved in an accident while on the racing premises must report to the Second Glance Media office before leaving the premises (if such member is able to make such a report).

Safety

Automobile racing is an inherently dangerous sport. Each competitor assumes that risk when he or she participates in a IMPORTEXPO x I LOVE HONDA event. The risk of serious injury or death cannot be eliminated and, in fact, will always be present at a high level. Members are required to advise their spouses and next of kin, if any, of this fact. Although safety generally us everyone's concern, IMPORTEXPO x I LOVE HONDA cannot be and is not responsible for all or even most aspects of the safety effort. That responsibility instead rests with the various participants in the event(s) as follows:

Promoter or Second Glance Media as promoter – The promoter is directly and finally responsible to ensure that the racing facilities are adequate for the event; that adequate safety personnel and equipment are provided for each event, both for the purpose of preventing injury where reasonably possible and responding to injury when it occurs; and that the conditions at the racing facility are maintained in a reasonable manner to reduce the risk of injury.

Employees and representatives of IMPORTEXPO x I LOVE HONDA when they are present at an event, will inform the promoter of any inadequacies in the facilities, safety personnel, and equipment, or other conditions at the track that they (a) observe and (b) consider in their best judgment to be inconsistent with the interests of safety to any competitor or other person, and cannot and does not take responsibility to ensure the adequacy – for purposes of safety – of the racing facility, safety personnel or equipment, or conditions at the track, The Promoter (see above) and the Competitors (see below) are solely and ultimately responsible for such matters at IMPORTEXPO x I LOVE HONDA sanctioned events.

All Competitors are obligated to inspect the racing facilities, safety personnel and equipment, and conditions at the track on a continuing basis before, during, and after the event. Competitors must report to the Promoter promptly any inadequacy in the facilities, personnel, equipment, or conditions at the track. Competitors also are solely and directly responsible for the safety of their racecars and racing equipment and are obligated to perform their duties (whether as an entrant, driver, or crew member) in a manner designed to minimize to the degree possible the risk of injury to themselves and others. Neither IMPORTEXPO x I LOVE HONDA nor the promoter can or will be responsible for the adequacy of a competitor's racecar, racing equipment, or racing activity to accomplish this purpose.

IMPORTEXPO x I LOVE HONDA officials should report promptly to the Promoter any observed safety inadequacies in the racing facilities, safety personnel and equipment, and conditions at the track. In addition, if a IMPORTEXPO x I LOVE HONDA Official observes any safety inadequacy in a Competitor's racecar, racing equipment, or conduct, the Official may take whatever action is deemed reasonable and appropriate in order to correct such inadequacy. Such action may included, but is not limited to, physical examinations, medical determinations, and driver ability or experience tests. The Competitor is obligated to follow the Official's directives. IMPORTEXPO x I LOVE HONDA is not responsible for the actions or inactions of any IMPORTEXPO x I LOVE HONDA Officials as it pertains to safety.

Entry Requirements

In order to compete in an event, an entrant must submit and have approved an Official Entry Form for the Event. For purposes of this Section, "Official Entry Form" refers to the form of entry required by IMPORTEXPO x I LOVE HONDA for members to officially enter an Event. This form will be available on the IMPORTEXPO x I LOVE HONDA website.

It is the responsibility of the Entrant to obtain the appropriate Official Entry Form, and to ascertain and abide by all applicable deadlines and instructions. The distribution of such forms to Competitors does not relieve them of this responsibility.

The Entrant must complete the Official Entry Form for the Event in full and submit it to the Second Glance Media office by the deadline listed thereon.

In the event an Official Entry Form is not submitted by the entry deadline (generally 14 days prior to the Event) IMPORTEXPO x I LOVE HONDA in its sole discretion may decide to accept the competitors entry, in which cash the competitor will be required to pay the higher late entry fee.

Such a Member further agrees to inspect the racing area to ensure that it is in a safe, reachable and usable condition, and that the Member voluntarily assumes the risk of, and has no claim for damages against IMPORTEXPO x I LOVE HONDA, Promoter or their officers, directors, shareholders, officials, agents or employees by reason of damage to the car, the support equipment, the driver the pit crew or any other person. All Members assume full responsibility for any and all injuries sustained, including death and property damage, anytime they are in the racing areas or en-route there to or there from. When a competitor submits an Official Entry Form, and the entry is accepted, the Competitor becomes obligated to attempt in good faith to compete in the Event to the best of his or her ability.
